## MESSAGE

Dear Readers

An idea took root and gave birth to a remarkable institute called S.D.Public School, Pitampura. The journey began in the year 1993 and over the years, the institution has shown outstanding growth producing students of stellar stature. The school has always been instrumental in creating a rare breed of young minds that are brimming with self confidence and are always ready to take up challenges in life.

I am glad to know that the school is bringing out the e-directory of its alumni so that students stay connected to their roots.

My sincere best wishes to the Principal and the staff for successful launch of the e-directory. I hope the school will maintain its rising trajectory forever.

**Kanwar Bhan Garg**

Vice Chairman

## MESSAGE

Dear Reader

Greetings to you!

Very few have fully realised the wealth of Sympathy, Kindness and generosity hidden in the soul of a Child. The effort of every educator is to unlock that treasure and S.D. Public school is an excellent example where everyone strives indefatigably for this.

This institution has been nurturing young minds of the town from last 26 years with the belief that academic knowledge alone will not make our students useful to the society or nation but only when they are imbued with the spirit of serving others & then they alone become useful to the society.

It's an extremely proud moment for me as our school, is releasing its e- directory. This e- directory forum is a great platform for all of us to interact with each other. I would congratulate all the members of our school and the students on their magnificent achievement and wish them great success for future endeavours.

Best wishes to all  
**Bharat Gupta**

Manager

## MESSAGE

Dear Readers

It is a blissful moment to see the little stream of education, knowledge, ethics, culture and ethos that began its journey in 1993 has evolved in a large river satiating the needs of growing nation and changing time.

An institute is known by the laurels of its alumni and the impact they create on the world around them. Over the years, SD Public school has developed a strong and influential network of the professionals around the globe; many of them are in the position of transforming and leading companies, creating and building industries, creating and driving start-ups and entrepreneurial ventures, and serving the nation. They have made an inimitable mark for themselves and their alma mater, and S D Public School is proud of their achievements and success.

The institution is working with the single minded agenda of nurturing and honing the gems of future India. I can foresee the alumni of Past, Present and Future conquering the infinite heights of success and putting India in an indispensable position all over the globe.

I congratulate the Principal Mrs Anita Sharma, Staff members , Parents and Students of the school for working as a team to make this endeavour successful with zeal and enthusiasm.

## *MESSAGE*

**Dear Alumni**

It is a matter of great joy and satisfaction to launch the e-directory of SDPS's Alumni. Creation always gives happiness and strength. A strong community can be created if all members have desires to give space and respect to diversity, have profound faith and readiness to extend helping hand in the need of the hour. The purpose is to nurture a beloved bond which can bring a qualitative as well as a quantitative change in lives of all the co travellers. All of you have made it to different places in different fields but it is always important to remember where you have come from. It always connects you with your roots and gives courage to spread your branches. It will also remind you that meeting your aspirations and dreams put a responsibility on your shoulders to create opportunities for others and to help them grow. I believe that SDPS pearls will not drop down in the ocean and never let them be prey to the greed, dishonesty, and selfishness but will glow as luminous pearls rising above as a majestic wave of humanity .

With the release of the directory ,I look forward to create a strong SDPS community establishing the value of care and brotherhood to uphold high moral values and integrity towards Nation.

**Anita Sharma**

# The Task Force

“All the wealth of the world cannot help one little Indian village if the people are not taught to help themselves. Our work should be mainly educational, both moral and intellectual.

-Swami Vivekananda

*"Literacy in itself is no education. Literacy is not the end of education or even the beginning. By education I mean an all-round drawing out of the best in the child and man-body, mind and spirit."*

- Mahatma Gandhi
