

HOLIDAY Homework

Class 6 , Summer Vacation, 2022-23

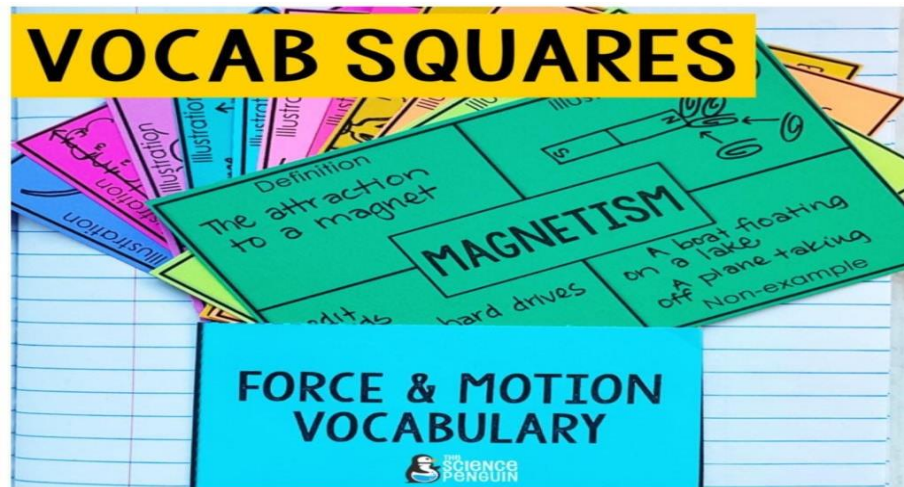

SUBJECT:
SCIENCE

1. Reading and vocabulary enhancement activity

Vocabulary Squares

Draw vocabulary squares in your science notebooks or use printable notebook templates to record the definitions, illustrations, examples, and non-examples for any five important science terms that you have learned in your science class.

2. Educosoft Assessments to be completed

Chapter 1: Food-Where does it come from?
Chapter 2: Components of food

3. Project for experiential learning-

SDG 2 – Zero Hunger shows us a pathway to change the world by feeding our needy neighbors such as poor stray animals who look at you longingly for some morsel. How about volunteering in hunger-related activities such as food banks for stray animals? There’s typically a greater need during the holiday season.

Collect information about cattle food and pet food. Find out the nutrients present in them and compare the results with the nutrients present in the food for humans.
Paste related pictures and write the above information in a scrap book beautifully.

Worksheets

Read Lesson-3 'Fibre to Fabric' and after that watch the following video-

<https://youtu.be/e-O7q-LHQw0>

'Me and mine' Workbook- Complete worksheets no- 16,17,20 &21

Revise all the work done in class
